Hospital-Grade Disinfectant + Wipes

Convenient, Easy-To-Use + Effective Against COVID-19

Our professional-grade disinfectant is now available in a consumer-friendly wipe kit. NeoSan Labs disinfectant + wipes is a fast, portable way to clean surfaces. Destroy 99.99999% of bacteria and viruses, and neutralize toxic chemicals and odors with an effortless swipe.

Developed by top government scientists as a nontoxic response to the most toxic chemical and biological problems, NeoSan Labs hospital-grade disinfectants are best-in-class. Our hydrogen peroxide-based formulation eliminates irritants that can cause asthma, allergic reactions, and chemical sensitivity. As an added benefit, our formula creates an antimicrobial barrier that prevents colonization for up to 7 days. No other product is as effective and safe for humans, animals and plants.
